

# 8<sup>th</sup> Singapore-Malaysia Occupational Therapy Symposium

## “Occupational Therapy: Beyond Boundaries”

NTUC Business Centre, One Marina Boulevard , Singapore.

13-14 June, 2008

The theme for the 8<sup>th</sup> SMOT Symposium is “Occupational Therapy: Beyond Boundaries”.

At this symposium, we aim to update and share new & innovative OT interventions/ programs/ ideas, etc... We also hope that this theme will encourage us to reflect on our current practices and analysis their impact on enhancing clinical outcomes.

This symposium will also have a special segment just for OT students during the conference. Details will be out closer to date.

### Program highlights:

*Keynote speaker & workshop: Ms Suchada Sakornsatian*

*Deputy Director, Mental Health Technical Development Bureau, Department of Mental Health (Thailand)*

13<sup>th</sup> June: Half-day workshop on Mental Health by Ms Suchada Sakornsatian  
(This workshop will be on using the Appreciation Influence Control (AIC) techniques for gaining community participation to care for ex-psychiatric patients living in the community. This approach will share how to involve the community participants in the planning, implementation and evaluation stages. The ultimate aim is to empower the community to care when OT leave the community.) Limited to 30 participants only; inclusive of students.

14<sup>th</sup> June: Full day conference  
Poster presentations  
Closed door students' program  
Exhibition by vendors  
Closing ceremony dinner
